World of Customs Auto Show Student Day is recognized as an official field trip for public schools. It's an initiative to support the automotive educational programs at schools by exposing students to the wide range of opportunities in the industry through speakers, corporate support, and event participation.

The **World of Customs Auto Show** is committed to the future by holding these annual Educational Days where students and instructors enjoy the aftermarket hot rod industry. The events feature guest speakers. Leaders in their automotive fields who share their passion of the industry.

Following the sessions, students will be allowed to enter the show before it opens to the general public. They will have the opportunity to meet with car owners and builders, participate in several interactive exhibits and talk to representatives from area colleges and tech schools. Scholarship opportunities are available from many of these schools.

- Students and Chaperons will each receive 1 additional Complimentary Ticket to return to the **World of Customs Auto Show** on any show day during normal operating hours.
- Entry fee for Student Day includes a box lunch.

The Goals of the World of Customs Student Career Day

- Inspire students by introducing them to career paths and options in the automotive industry that they might have never considered or even known about before,
- Help students to understand the importance of their education by hearing it directly from industry leaders.
- To learn these professional's perspectives on the future of the automotive industry.
- Expose students to opportunities in the specialty automotive aftermarket industry that SEMA calls a \$34 billion industry.
- Allow student to view talents of the participants who have handcrafted many of the vehicles participating in the **World of Customs Auto Show**.
- Provide a forum for students to view firsthand many of North America's finest show vehicles, many which have been featured in magazines and television programs.
- Provide an opportunity for students to visit with many of the car owners and builders who have painstakingly completed their projects.

The **World of Customs Auto Show Student Career Day** is sure to be a great time for students and teachers. For more information on Student Career Day contact us. Robert Rice (205) 451-8076 or Harold Sullivan (662) 538-8426 or email: robert.rice@worldofcustoms.com
